

## White Out Britain

What's going to happen this year?  
Secure your salt supply now, before  
the snow arrives.

National Sales: 0845 0654 655

De-icing Salt will again be in short supply once the snow and ice arrive and deliveries become difficult in bad weather.

Applying salt immediately reduces the detrimental effects of snow and ice. Order your salt supplies now to ensure safe access for employees and customers and to maintain business continuity.

## Which Salt to Order?

Day Aggregates has everything you need to keep everybody on their feet this winter and through our specialist bagging and supply arrangements we can deliver small bags, bulk bags and bulk loads on a nationwide basis, at competitive prices

**Brown Rock Salt** - With its higher friction qualities brown crushed rock salt is ideal for gritting paths, driveways and roads.

**White Salt** - Purer white salt is ideal for public accesses as it leaves fewer residues.

**Winter Grit** - Is a mix of salt and grit for use on compacted snow.

- Unless otherwise stated, our de-icing salt complies to BS3247,
- Bulk deliveries can be made, ranging from 10 tonnes to 30 tonnes per load,
- Bagged products are available, in customers' own bags or plain bags, in full artic deliveries.
